BEST VALUE PENSIONS PAYABLE FOR THE REST OF YOUR LIFE

Members who retire from the Engineering Industries Pension Fund or the Metal Industries Provident Fund are recommended to use their retirement benefits to purchase a pension from the Engineering Industries Pension Fund

MIBFA

Did you know?

- MIPF members can retire in the EIPF and receive a pension
- No initial or ongoing commissions are payable and administration fees are lower than those of commercial pension providers, giving you a higher monthly pension
- The Fund has granted excellent pension increases of more than inflation in the past and expects to continue to do so in the future
- The pension is paid for the rest of your life, even if you live well past age 100

At retirement you can select the format of your pension:

- To provide for a **pension to continue to your spouse** if you die
- To include a guarantee period of up to 20 years, so that a lump sum benefit is paid to your family if you (and your spouse) die during the period

 the lump sum is the monthly pension times the number of months till
 the end of the guarantee period

If you are about to retire or if you want more information, please contact the Fund's administrator (MIBFA) on:

🕻 Call centre: 0860 10 25 44 🛛 🔀 Email: retirements@mibfa.co.za
